Program – “Motorcycle Tales”

Sandy would like one person to share a motorcycle story each month: it should be 5-10 min. long.

Sandy volunteered her own story:

When she and Ken were riding the bike w/sidecar through a Redwood tree in CA, the sign boasted 7ft. wide “drive through”

Maybe fake news because they had to push the bike back out of the tree when the back of their 7 ft. wide bike wouldn't fit through the 7 ft. pass way!
